EDUCATION

Charotar University of Science and Technology, *B.Tech in Computer Science And Technology* | Gujarat
CGPA: [8.30 / 10.0](#)

Sep 2024 – May 2026

Government Polytechnic, Porbandar, *Diploma in Computer Engineering* | Gujarat, India
CGPA: [9.54 / 10.0](#)

Oct 2020 - May 2023

Shree Shishu Mandir, Veraval, *Higher Secondary Education, CBSE X* | Gujarat, India
Percentile: [98.20%](#)

March 2020

SKILLS AND CERTIFICATIONS

Languages:	Python, C/C++, Java, PHP, Git
Database:	Oracle, MySQL, MongoDB
Development Tools:	Postman, VS Code, Android Studio, Git/Github
Other Skills:	Object Oriented Programming, Data Structure and Algorithm, SQL
App Development:	Java
Web Development:	HTML, CSS, Bootstrap, React, Django
Certifications:	Certificate for Fundamentals of Red Hat Enterprise Linux 9 (Coursera)

PROJECTS

Department Library Management System | Computer Science Engineer,

Feb 2023 - May 2023

- Developed a comprehensive Library Management System using PHP and MySQL.
- Introduced Some features such as a mail system, automatic avatar image generation, and more.
- Provided functionalities for managing books, students, and faculties.
- Implemented features for issuing and returning books.

Movies Info Website | Computer Science Engineer,

Sep 2023 - Dec 2023

- Created a dynamic Movies Website using JavaScript and the TMDB API.
- Integrated TMDB API to fetch movie data including details, ratings, and reviews.
- search functionality to allow users to find movies by title, genre, or actor.
- Designed user-friendly UI/UX for easy navigation and interaction.
- Developed features such as movie recommendations, trailers, and related movies.

Text Utilization App | Computer Science Engineer,

Jan 2024 - Feb 2024

- Created a dynamic Text Utils website using React and Core JavaScript to provide various text manipulation utilities.
- There are some features such as text case conversion (uppercase, lowercase) and character/word count functionality.
- Integrated Core JavaScript functions to perform text manipulation operations efficiently.

ACHIEVEMENTS

- 1x NPTEL certified in Course "Database Management System"
- Earned the Postman API Fundamentals Student Expert Badge
- Solved more than 200+ problems across various platforms like Codechef, Hackerrank
- Earned a Python Basic Certificate on the HackerRank platform
- Achieved a 5-star rating on HackerRank in Java
